

Call for Participation

We invite you to join us in **17th International Conference on Ubiquitous Computing (UBIC 2026)**.

This conference will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of Ubiquitous Computing. Current information age is witnessing a dramatic use of digital and electronic devices in the workplace and beyond. Ubiquitous Computing presents a rather arduous requirement of robustness, reliability and availability to the end user. Ubiquitous computing has received a significant and sustained research interest in terms of designing and deploying large scale and high performance computational applications in real life. The aim of the conference is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field.

Highlights of UBIC 2026 include:

- 16th International Conference on Computer Science, Engineering and Applications (ICCSEA 2026)
- 18th International Conference on Wireless, Mobile Network & Applications (WiMoA 2026)
- 7th International Conference on NLP & Artificial Intelligence Techniques (NLAI 2026)
- 7th International Conference on Machine Learning Techniques and Data Science (MLDS 2026)
- 15th International Conference on Signal, Image Processing and Pattern Recognition (SPPR 2026)

Registration Participants

Non-Author / Co-Author / Simple Participants (No Paper)

100 EURO for Online (Without Proceedings)

490 EURO for Face to Face (With Proceedings)
